1.0 Guidance Counselor

We are seeking a full-time guidance counselor to support the students, staff, and families at Stevenson Elementary School. Stevenson serves students in grades kindergarten through third.

Candidates should be skilled in and have successful experiences with:

- implementing and facilitating school counseling program with students, families, and staff that promotes academic, personal, and social development.
- supporting students, staff, and families with responsive services related to students' immediate and future needs.
- providing system support with professional development, collaboration, supervision, and program management as necessary to ensure student success.
- facilitating the intervention team process for students, staff, and families in grades K-3.

Candidates should:

- possess exemplary management, leadership, organizational, and communication skills.
- have a strong understanding of current trends and pedagogy in the primary-aged classroom to support intervention leadership.
- possess the organizational and leadership skills to facilitate the district norm-referenced and state achievement assessments.

Additionally, candidates should have documented successful experiences with primary-aged learners, as well as the appropriate Ohio licensure for school counselors.

Applications can be found on-line at:
